

## WHAT WE DO

While you are in transition to a new job or part-time job, you run into hurdles that make life difficult. At Joseph's People, we have developed resources to help you.

As a person who has worked all your life, you should apply for any program that helps the unemployed or underemployed. Our Blue Resource Guide is the combined wisdom of thousands of our graduates who have found services that help with their job search. The Guide covers all manner of problems: financial, medical, food and clothing. It is easily available on our web page, [www.josephspeople.org](http://www.josephspeople.org)

Our publication, "The Journey" is a copyrighted document that was written specifically for our members by experts in their fields. It provides a path and directions on how to move forward from the day you lose your job to the day you obtain your new one. It provides advice on matters you need to consider in your job search. The Journey can be accessed from our web page. [www.josephspeople.org](http://www.josephspeople.org)

Our regular Chapter meetings are held through Zoom and in-person. Meetings address topics from expert speakers who provide current information on how to effectively conduct a job search.

The schedule of our Chapter meetings is on our web page. Meetings offer friendship and understanding from others who know exactly what you are going through. It is a place you can speak freely about your experiences and frustrations. Sharing experiences and finding solutions are often the result of combined efforts.

## HOW WE HELP

Joseph's People is dedicated to helping you in all the areas of your life affected by job loss:

By creating Networking Opportunities through our on-line groups and through our graduates into the community and our friends in corporations throughout the area.

By providing advice and training or practice for our members on job search, interviewing and getting that position.

By providing emotional support and friendship.

By acting as a Bridge between those in need and the local business community.

By maintaining an on-line group on LinkedIn.

By making available JOB LEADS provided by graduates or friends in the community. Over the years, we've sent out thousands of job leads to our members.

By holding Chapter Workshops and Speaker Meetings on a regular basis on such things as

- Networking,
- LinkedIn/ Social Media
- Practice Interviewing
- Resume Review
- Mentoring

By participation in our active PRAYER LINE, all requests are sent to a prayer group. Prayers can be submitted through our web page.
